Circular letter # 5.

SUBJECT: Memorandum.

TO: Florida Educational Advisers.

1. Moving picture operators will be needed shortly for the visual education program. If you have a man in camp who could operate a moving picture projector, please notify this office at once.

2. Two or three lantern slide projectors will be available from the General Extension Division here at the University. Requests should be made through this office.

3. In cases where camp educational advisers send the district advisers a special report, it is not necessary for a different report to be sent to this office. A carbon copy of the report sent to your district adviser will be sufficient.
